

Association for Radiologic & Imaging Nursing Report

Date: February 28, 2014

From: Greg Laukhuf RN

Committee/ Work Group/Liaison Role/Staff Role: Chapters Committee

Need Board Action: _____ **Information Only:** _____

Date of Last Action or Meeting (as applies): 2013 Yearly update

Summary of Activities since last report:

Sporadic attendance was resulting in an inability to approve minutes and lack of consistency with chapters submitting yearly reports were issues tackled by the committee. These issues were addressed by the Chapters Committee with a restructuring to a core group for business purposes. Chapter presidents and designates remained on a standing invite as the Chapters committee serves as a reliable conduit to chapters concerning news from the national organization.

The yearly chapter's reports to national office were streamlined for easier use. This change was instituted with the 2013 report due January 2014. The Chapter's core group is in the process of following up with chapters that have not submitted their reports for 2013 or 2012. The yearly report provides nationals with an updated list of contacts for the local organization as new officers are elected and other officers go off roll.

Several other issues that the group is working on include strengthening ties to national association, and increasing membership. The ARIN board is supporting these efforts with the formation of the new position, Director of Membership.

Additional Comments:

The Chapters Committee received email that the Delaware Chapter is no longer in existence. This is supported by the lack of yearly chapter report for the last 2 years.

The Committee has received request for information to start chapters in New York, Illinois, and Missouri.
